A Masdar-BP Initiative

## CINAR KURRA

Chief Executive Officer,  
Catalyst – A Masdar-BP Initiative,  
Abu Dhabi, U.A.E.

Cinar obtained his BSc in Electrical Engineering from the University of Evansville, as well as his MSc in Electrical Engineering and Telecommunication Engineering from the Illinois Institute of Technology in Chicago. His career began as a System Integration Engineer at Motorola, before advancing to become a Technical Release Manager for Motorola's iDEN Group (Push to Talk over GSM network) until 2004. As a serial entrepreneur, he has founded several companies including KES Engineering based in Chicago (1997), dBKES Engineering Services (2000) and DEK Technology (2010) based in Istanbul, MGT Electronics based in Chicago (2007), and HAWK Technology based in Abu Dhabi (2011). Cinar currently leads the Catalyst, a Masdar-BP initiative, which is the first startup accelerator focused on sustainability in the region.
