Ricky D. Butler is a professional language trainer with a Master's Level TEFL certificate and he specializes in the development of E-learning software, career-readiness courseware, and evaluation techniques for ESL learners. The career-readiness courseware serves the needs of corporate, defense, government, technology, and healthcare. Mr. Butler has not only prepared comprehensive language material for private teachers, schools, and authors but he has also created tandem courses for students who want to integrate English instruction into technical trades. This is all possible thanks to his Bachelor's Degree in Aerospace Engineering from The Ohio State University, his 10+ years in the defense industry as a technical expert, and his business know-how. For anyone, who is searching for a career-based language experience or who is looking for Professional English training at an accelerated pace, please reach out to him!
